### **DETAILED ACTION**

1. This application is in condition for allowance except for the following formal matters:

#### ***Drawings***

2. The drawings are objected to because in Figure 3 reference number 38 has no lead line. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

3. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the following reference sign(s) mentioned in the description: "1 46" and "2 48". Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should

include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

### *Specification*

4. The disclosure is objected to because of the following informalities: on page 12, line 7, "11" should be "14". On page 14, line 16, "1" should be "46". On page 15 line 5, "sized" should be "size". On page 16, line 1, "we" should be "be". Appropriate correction is required.

### *Claim Objections*

5. Claims 1-18 are objected to because of the following informalities:

In all of the claims any period that precedes the end of the claim should be deleted altogether.

In claim 1, line 25, "accurete" is unclear and should perhaps be "accurate". In addition, in claim 1, line 31, "a first" should perhaps be inserted before "canvas". In claim 1, line 38, "a second" should be inserted before "canvas". On line 47, "the first" should be inserted before "canvas".

In claim 17, line 22, "first" should be inserted before "canvas". In line 25, "second" should be inserted before "canvas". In line 36, "the first" should be inserted before "canvas". In

Art Unit: 3612

line 38, "first" should be inserted before "canvas". In line 41, "the second" should be inserted before "canvas" and on line 43, "second" should be inserted before "canvas".

In claim 18, line 22, "first" should be inserted before "canvas". On line 25, "second" should be inserted before "canvas". On line 36, "the first" should be inserted before "canvas". On line 38, "first" should be inserted before "canvas". On line 41, "the second" should be inserted before "canvas". On line 43, "second" should be inserted before "canvas".

Appropriate correction is required.

6. The claims are objected to because they include reference characters (such as "a", "b") which are not enclosed within parentheses.

Reference characters corresponding to elements recited in the detailed description of the drawings and used in conjunction with the recitation of the same element or group of elements in the claims should be enclosed within parentheses so as to avoid confusion with other numbers or characters which may appear in the claims. See MPEP § 608.01(m).

#### ***Allowable Subject Matter***

7. Claims 1-18 are objected to as containing minor informalities, but would be allowable if rewritten to overcome the informalities.

#### ***Conclusion***

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

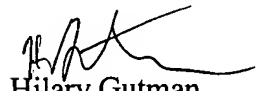

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
